PROFESSIONAL EXPERIENCE

Software Engineer- BOSCH 03/2019 - 05/2022 | IT BA - Orient Software 06/2022 - 10/2023 | BA / Product Owner - DHL 03/2024 - Present

Business Analyst / Product Owner - DHL | **03/2024 - Present**

- Projects: Assess Management, Tax Accounting, and Network Supply Management.
- **Led the product vision and digital transformation** of legacy manual processes into a scalable semi-automated system, **aligning cross-functional stakeholders** to enhance operational efficiency.
- **Drove a data-backed UI/UX redesign and optimized support protocols**, consistently achieving an 80% user satisfaction rate across global internal teams.
- Boosted operational throughput by 20-33%, significantly decreasing manual processing time.
- Mitigated supply chain inefficiencies, yielding 15-21% savings in material and process waste.
- Refined demand forecasting and replenishment cycles, enhancing overall stock efficiency by 12-17%.

Product Consultant / IT BA - Orient Software | **06/2022 - 10/2023**

- **Owned the product backlog and requirements management lifecycle**, translating ambiguous user feedback into a strategic, value-driven product roadmap.
- Performed gap analysis against market competitors to identify product opportunities and risks.
- **Leveraged strong technical background** to collaborate with Architects and Developers, breaking down complex business rules into high-quality technical specifications and APIs.
- Monitored post-release metrics and performance data to implement data-driven improvements for future cycles.
- **Championed Agile practices** (Scrum/SPS) to optimize team velocity while **partnering with international clients** to negotiate feature prioritization and release scopes.

Software Engineer - BOSCH | **03/2019 - 05/2022**

- **Architected and developed core features** for an enterprise-scale WinForms application using **C# / VB.NET**, deployed via **Citrix virtual environments** for global users.
- **Designed and exposed robust SOAP APIs** to facilitate seamless system integrations with third-party platforms, including **Office 365, On-premise infrastructure**, and centralized shared folder management.
- **Integrated LDAP authentication services** to ensure secure, centralized user management and hardware device access control.
- Served as a **Technical Product Bridge**, eliciting complex stakeholder requirements and consulting on end-to-end technical solutions.

PERSONAL PROJECTS

- BI Customer Shopping Behavior Analysis
  https://github.com/dotanluc1301/BI-Customer-Shopping-Behavior-Analysis

CORE SKILLS

- [Analysis & Requirements] Analytical and critical thinking
- [Analysis & Requirements] Logical and systems thinking
- [Analysis & Requirements] Requirements elicitation and management
- [Analysis & Requirements] Conceptual thinking and problem solving
- [Analysis & Requirements] Stakeholder engagement
- [Agile & Product] Product backlog management
- [Agile & Product] Roadmap and release coordination
- [Soft Skills] Time management
- [Soft Skills] Communication and collaboration
- [Soft Skills] Prompting and questioning techniques

TOOLS & TECHNOLOGIES

- Project management: Azure Boards, Jira
- Visualization: Draw.io, Visio, Figma, Google AI Studio, Google Stitch
- Documentation and file management: Microsoft Office, SharePoint
- Automation: UiPath, Postman
- Data: SQL Server, Oracle, PostgreSQL
- Data visualization: Power BI, Databricks

EDUCATION

HUFLIT - Ho Chi Minh City University of Foreign Languages - 2016 – 2020
